Do you have the know-how to connect a corporate?

Do you know what it would cost you to miss your migration deadlines?

- **SWIFT-certified experts**
- **Local onsite assistance**
- **Effective integration of solutions**
- **Smooth implementations of SWIFT software**
- **Regular upgrades and health checks**
- **Timely and trouble-free migrations**

# SWIFTReady Services

## **SkillTeam, SWIFTReady Services provider**

SWIFT's model is based on service providers that are accredited by SWIFT to offer consultancy services.

As SWIFTReady Services provider, SkillTeam provides local Certified Experts, conveniently located near you. They are multilingual (English, French, Dutch and German) with SWIFT-certified expertise in SWIFTNet connectivity.

Our SWIFT Certified Experts are ready to step in at a moment's notice to help you with your SWIFTNet infrastructure and SWIFT solutions.

## **Effective integration of SWIFTSolutions**

SkillTeam provides you with access to a range of specialists with the know-how to help you set up the SWIFTSolutions of your choice.

We provide consultancy services in the following business areas:

- Payment systems and other initiatives
- Business Continuity and High Availability
- Business Services Management
- SWIFT for Corporates
- SWIFTNet Funds
- SWIFTNet Exceptions & Investigations

## **Implementation of SWIFT software**

We implement SWIFTAlliance and SWIFTNet products

**Interfaces** - SWIFTAlliance Access, Entry, RMA, Messenger, Webstation

**Connectivity** - SWIFTNet Link, SWIFTAlliance Gateway

**Services** - Fin, FileAct, InterAct, Browse

**Solutions** - Funds, Cash reporting, Bulk payments, E&I, Corporates

We also distribute AllianceLite and fully integrate it with your internal applications

## **Timely and trouble-free migrations**

SWIFTReady service providers work hand in hand with SWIFT to offer on-site assistance for SWIFT migration programmes.

These optional assistance packages range from ad hoc technical assistance for on-site intervention concerning a specific step in your migration project, to end-to-end management of your migration projects.

## **SkillTeam Solutions for SWIFTAlliance**

- Extended search of SWIFT LTA (Long Term Archive) messages
- Powerful statistics of in/out messages with export/print function
- Real-time in/out messages monitoring and alerting
- High Availability of your SWIFTAlliance platform

## **Extended search of SWIFT LTA messages**

- Input/output and BIC
- Message type, priority and status (ACK/NAK)
- Nature (Service, Financial, Network, Text, Security)
- Correspondant
- Amount and/or currency
- Creation and/or Value date
- Full text search
- Audit trail of the actions performed at the console
- Print and export the results in pdf or xls formats
